Protect your rental income with our special legal expenses and rent guarantee insurance.

Whether you own a large portfolio of properties or have just a single investment, failed rent payment is a serious and common issue for many landlords. Whilst we will carry out stringent referencing processes on any tenant we recommend to you, we are unable to legislate for tenants who lose their jobs or fall on hard times as a result of the current economic climate. It is therefore well advised to get appropriate cover particularly when it only costs a few pounds a month.

Our policy will help you evict non-paying tenants while the cover also protects your rental income.

Protect your rental income with our special legal expenses and rent guarantee insurance. Our policy will help you evict non-paying tenants while the cover also protects your rental income. We will even pay 50% of the rent for 3 months between the successful eviction and finding new tenants.
